INFORMATION FOR PATIENTS ENROLLING AT SOUTHSIDE HEALTH TRUST

To access funding benefits provided by the Ministry of Health, patients must be registered with a single medical centre. Whilst our surgery can treat patients on a "Casual" basis, these appointments incur higher fees. Our doctors will also not have immediate access to your medical information.

To enrol as a patient at Southside Health we would be grateful if you could take the time to complete the Request To Transfer Notes and Medical Information Forms and return these to our receptionist together with your Enrolment Form.
The information collected from you on these forms will include:

YOUR PERSONAL DETAILS: Full name, date of birth and gender are required so that you can be identified from your records

NATIONAL HEALTH INDEX NUMBER (NHI): This is your own unique number used by health providers to identify you (if you do not know this number we can find this information for you).

ETHNICITY: The Ministry of Health requires this information for statistical purposes to assist them to meet their obligations under the Treaty of Waitangi. This information can also assist the practice to arrange services to meet your specific needs.

COMMUNITY SERVICES/HIGH USER HEALTH CARD: If you hold one of these cards it may entitle you to additional subsidies.

NEXT OF KIN: It is important for us to know who to contact in case of an emergency. Where possible, we require two emergency contacts for each patient.

RESIDENCY STATUS: Your entitlement to subsidised health care is dependent on your residency status. If you are not a NZ citizen or permanent resident we may ask you to provide some extra information.
All patients over the age of 16 years are required to sign their own enrolment form.
The information provided on your enrolment forms remains confidential. Contact details may be used in future to let you know of any appointments, test results etc so it is important to let staff know if you do not want confidential communication through these channels. It is also important to advise us of any changes in details while enrolled with us.

We invite all new patients to come in for a 15 minute appointment with the nurse prior to their first consultation with the doctor. This consultation is free and will be used to collect information to continue your medical care which will aid and streamline quality time with your doctor. Please make sure that you advise the receptionist when booking that your appointment is a 'new patient consultation' with the nurse.
